

THE ABLE TRUST™

2024 PROJECT VENTURE STATEWIDE COMPETITION

APRIL 9, 2024 – JACKSONVILLE

The first-of-its-kind business development competition for Florida students with disabilities.

Project Venture is a competition for high school students with disabilities in which teams prepare and present a comprehensive business plan to promote and sell a new product or service. By participating in this competition, students develop important soft skills needed as they transition from high school into post-secondary education, technical training or go directly into the workforce.

Project Venture Sponsorship Opportunities

Sponsorship funding is vital to successfully conducting this competition and ensures each team has the necessary resources to compete. Companies who sponsor Project Venture receive

recognition for their support of the high school teams as they compete in two rounds of judging. As a sponsor, your organization will be recognized as a leader in:

- Preparing today's students to be ready to become tomorrow's entrepreneurial leaders.
- Championing disability employment by supporting this unique program that helps students learn skills that are crucial to success in the workplace.
- Working to expand a program for students with disabilities that impacts families across Florida.
