

## Florida Prepaid College Foundation Scholarship Plan

**Dear Student and Family,**

Congratulations! You are a recipient of the **Florida Prepaid College Foundation Scholarship**. Through this award, you have received a **1-Year Florida College Plan Scholarship** — a wonderful opportunity that **covers 30 lower division credit hours of Tuition and Local Fees at a Florida public college**.

We're excited to support you as you begin your higher education journey. This letter provides a helpful overview of how your scholarship works and what to expect.

### **□ What Does the Scholarship Cover?**

Your 1-Year Florida College Plan includes coverage for:

- **Tuition**, which consists of:
    - **Matriculation Fee** – The basic cost of instruction (often referred to as tuition).
    - **Student Financial Aid Fee** – A fee supporting student aid programs (capped at 5% of tuition).
    - **Capital Improvement Fee** – Supports facility maintenance and campus development.
  - **Local Fees**, including:
    - **Athletics Fee** – Supports intercollegiate athletics.
    - **Activities and Services Fee** – Funds student life and organizations.
    - **Health Fee** – Provides access to on-campus health services.
    - **Technology Fee** – Supports access to educational technology.
- 

### **□ Where and How the Plan Can Be Used**

This specific scholarship plan is **limited to use within Florida only**. It may be used at:

- Florida **public colleges and universities**
- Florida **private colleges and universities**
- Florida **vocational or technical schools**

The institution must be an **eligible, approved in-state school**. The value of the plan will be applied based on the average cost of tuition and fees at a Florida public college. If attending a private or technical institution, the student will be responsible for any costs that exceed the plan's value.

---

## □ How Payment Works

All Florida public institutions have access to the Florida Prepaid matriculation file. Once you are enrolled, your school will **bill Florida Prepaid directly** each term for covered tuition and fees.

□ **Tip:** It's a good idea to notify your school's **Financial Aid or Student Services Office** about your scholarship to ensure a smooth payment process.

## □ Frequently Asked Questions

### **Can this scholarship be used outside of Florida?**

No. This specific Plan may only be used at eligible in-state institutions—public, private, vocational, or technical.

### **Can this plan be used at an in-state university?**

While the 1-Year Florida College Plan is designed for use at Florida public colleges, it can still be used at a Florida public university. The plan will pay an amount equivalent to what it would have paid at a Florida college, based on the average state college tuition and fee rate. Florida College Plan benefits paid to a State University will deplete the plan at a faster rate because the cost per credit hour at a State University is generally higher than the cost of a credit hour at a Florida College. The student will be responsible for paying the difference between what your Florida Prepaid Plan covers and the actual cost of tuition and fees charged by the university.

### **Does this scholarship guarantee college admission?**

No. Students must meet all admissions requirements for the school they wish to attend.

### **Can this scholarship be used with other scholarships or financial aid?**

Yes! You may use this scholarship alongside other aid to maximize your college funding.

### **How long is the scholarship valid?**

You have **six years** from your projected college enrollment year (usually the year you graduate high school) to use your plan benefits.

### **Can this plan be used for graduate or vocational education?**

Yes. The plan's value can be used at **eligible in-state vocational or technical institutions** and may also be applied toward **graduate-level coursework** at qualifying Florida schools. For private institutions, you must contact our **office** to request a **Transfer Authorization**.
